

# EXPLORING GEOPHYSICS

## Green Transition & Smart Cities

---

### Topics

Introduction to Geophysics  
Conventional Energy and Environmental Impact  
Hydrothermal Resources  
Waste-to-Value  
Geophysics for Smart Cities

---

### Presented by

Florina ȚULUCA

University of Bucharest, Faculty of Geology and Geophysics

---

### Contributors

Dumitru IOANE<sup>1</sup>, Nicolae CRUCERU<sup>1</sup>, Alin ȘERBAN<sup>2</sup>,  
Esther BLOEM<sup>3</sup> and Ilias FIKOS<sup>4</sup>

<sup>1</sup>University of Bucharest, Faculty of Geology and Geophysics

<sup>2</sup>Horia Hulubei National Institute for R&D in Physics and Nuclear Engineering

<sup>3</sup>The Norwegian Institute of Bioeconomy Research

<sup>4</sup>Aristotle University of Thessaloniki
